Senior citizens can get information on Medicare and Social Security enrollment at a free seminar sponsored by the Senior Medicare Patrol of New Jersey on Nov. 30.

Instructors will review the timeline and choices when signing up for Medicare, including the intricacies of supplement programs and Medicare Part D. Participants can also find out their eligibility for benefits and learn the pros and cons of delaying Social Security enrollment.

"A secure, comfortable retire-

Will review choices as retirement nears

ment is every American's dream," Charles Clarkson, project director of Senior Medicare Patrol of New Jersey, said in a written statement. "We're living longer, healthier lives and can expect to spend more time in retirement than our parents and grandparents did. This seminar is critical to your retirement planning, even if you have health insurance through an employer, as health insurance plans can change automatically at age 65."

Senior Medicare Patrol of New Jersey, under the Jewish Family and Vocation Service of Middlesex County, is part of a national program that has reached more than 18 million people.

The seminar will be held at the Community Technology Center at Passaic County Community College in Paterson from noon to 2 p.m.

Seating is limited and registration is required. Register by calling 973-279-8900, ext. 205 or go to unitedwaypassaic.org/FEZ_Class_Registration_Fall_2011.php.
